

Unlock the LevelUp Rewards Kiosk

Automated Student Engagement, Positive Behavior (PBIS), & School Culture Infrastructure.

THE CHALLENGE & THE SOLUTION

The Challenge: Managing student motivation, positive behavior incentives, and school culture milestones manually is exhausting for your staff. Counting physical tickets, tracking spreadsheets, and managing prize inventories eats up hours of instructional time.

The Solution: The LevelUp Rewards Kiosk is a plug-and-play physical hardware station paired with a powerful cloud-based backend. Students autonomously scan their custom barcodes to track achievement points, view reward tier eligibility, and redeem incentives effortlessly.

💰 CENTRAL FEDERAL FUNDING CHEAT SHEET

✦ Option 1: Federal Title IV, Part A Funds (SSAE)

Meets Criteria: Safe & Healthy Students (PBIS) & Effective Use of Technology (Integrated Hardware & Cloud).

Justification: Procuring touchscreens and automated behavioral technology to actively boost building-wide culture metrics.

NYC Process: Publics allocate inside FAMIS under Code

VS00109014. Yeshivas/Private request their BNPSS coordinator map this vendor.

✦ Option 2: Federal Title I, Part A Funds (Engagement)

Meets Criteria: Targets student motivation, school climate improvements, and closing achievement gaps.

Justification: Utilizing automated PBIS systems to incentivize

State Grants & FAMIS Ordering

Utilize state reimbursement allocations or general supply lines to easily fund and deploy LevelUp kiosks within your building.
